## PROFESSIONAL SUMMARY

Creative Graphic Designer & Illustrator with experience in branding, digital illustration, editorial graphics, and multimedia content for children. Skilled in Adobe Suite, visual storytelling, and creating clean, functional designs. Strong artistic foundation combined with technical precision from architectural and multimedia studies. Organized, detail-oriented, and adaptable in both team and independent settings.

---

## WORK EXPERIENCE

### Art Editor – Children's Multimedia Presentations

2024 – 2025

- Selected and curated photos and vector illustrations from stock platforms to support visual storytelling.
- Edited and refined images and vectors to match project style and narrative requirements.
- Painted and added custom visual elements to enhance storyline illustrations.
- Separated complex illustrations into clean, organized layers for animation workflows.
- Collaborated closely with scriptwriters, ensuring high accuracy and consistency between visuals and scripts.

### Graphic Designer – Mbit

2023

- Designed flyers, banners, icons, and branded graphic materials.
  - Created layouts for print and digital formats.
  - Developed new graphic concepts and refreshed visual elements.
  - Selected and edited photos and vector content from stock platforms.
  - Ensured consistency across all materials.
-
